

## Requirements for the MPH in Environmental & Occupational Health With Specialized Training in Occupational & Environmental Health Nursing (OEHN) (Effective Autumn Quarter 2016)

MPH Core Requirements		Credits	✓
<b>Choose one:</b>			
BIOST 508	Biostatistical Reasoning for Health Sciences [W]	(4)	
BIOST 511	Medical Biometry I [A]	(4)	
<b>Choose one:</b>			
EPI 511	Introduction to Epidemiology [A]	(4)	
<b>OR</b>			
EPI 512	Epidemiology Methods I [A] <b>AND</b>	(4)	
EPI 513	Epidemiology Methods II [W]	(4)	
HSERV 510	Society and Health [A]	(3)	
HSERV 511 <sup>1</sup>	Health Services and Public Health [W]	(3)	
ENVH 599	Field Studies (Practicum) [E]	(3)	
<b>Minimum Credit Subtotal</b>		<b>17</b>	
<b>DEOHS Core Requirements</b>			
ENVH 501	Foundations of Environmental Health [W]	4	
ENVH 505	Fundamentals of Env. and Occ. Toxicology [S]	4	
ENVH 551	Human Exposure to Env. Contaminants [A]	4	
ENVH 572	Environmental Risk and Society [A]	3	
ENVH 580	Env. & Occupational Health Seminar [*]	1+1+1	
<b>Minimum Credit Subtotal</b>		<b>18</b>	
<b>Degree Option Requirements</b>			
ENVH 453	Industrial Hygiene [A]	3	
NSG 554	Occ. Health Nursing: Practice Issues [W]	3	
NSG 558	Occ. Health Nursing: Adv. Practice & Leadership in Program Development [W]	3	
<b>Minimum Credit Subtotal</b>		<b>9</b>	
<b>Culminating Experience (Thesis)</b>			
ENVH 583	Thesis Research Proposal Preparation [E]	1 (+2) <sup>2</sup>	
ENVH 700	Master's Thesis [E]	9	
<b>Minimum Credit Subtotal</b>		<b>10</b>	
<b>Electives</b>			
TBD	Additional elective credits as needed to reach total minimum of 63 required credits <sup>3</sup>	<b>Var.</b>	
<b>Total Minimum Credits =</b>		<b>63</b>	

- HSERV 510 is a prerequisite for HSERV 511.
- ENVH 583 requires that students take 2 credits of either ENVH 700 (Thesis Preparation) or 600 (Independent Study) concurrently. If ENVH 700 is taken as part of this requirement, those 2 credits can count towards the minimum 9 credit ENVH 700 requirement. If a student takes ENVH 600 concurrently or chooses to take an additional 2 credits of ENVH 700 above the minimum 9 credit requirement, those 2 credits may count as elective credits.
- Students select electives from the following list in consultation with their faculty advisor:
  - ENVH 510: Global Environmental and Occupational Health [W] (4)
  - ENVH 511: Environmental and Occupational Health [S] (1-3)
  - ENVH 520: Advanced Technical Communication in Public Health [A] (3)
  - ENVH 546: Hazardous Waste and Public Health [W] (3)
  - ENVH 550: Occupational and Environmental Disease [S] (3-4)
  - ENVH 559: Applied Occupational Health and Safety [S] (3)
  - ENVH 560: Occupational Safety Management [S] (4)
  - ENVH 562: Technical Aspects of Occupational Safety [W] (3)
  - ENVH 564: Recognition of Health and Safety Problems in Industry [A] (2)
  - ENVH 566: Introduction to Ergonomics [W] (3)
  - ENV H 596: Current Issues in Occupational and Env. Medicine [\*] (2-12)
  - ENV H 597: Case Studies in Env. and Occupational Health [\*] (1- 12)

[A] = Typically offered in autumn quarter

[W] = Typically offered in winter quarter

[S] = Typically offered in spring quarter

[E] = Available every quarter

[\*] = Typically offered autumn/winter/spring quarters
