Handwashing is one of the “most important means of preventing the spread of infection,” according to the Centers for Disease Control and Prevention (CDC).
bandages ALWAYS make the cut

PRACTICE GOOD WOUND CARE
Keep cuts and scrapes clean and covered with a bandage until healed.
Wash your hands frequently.
YOUR HEALTH MATTERS!
Don’t take germs home:

Wash your uniform at work

Practice good hygiene

Do not share personal items such as towels or razors.

Wash your hands frequently.

Use clean towels each time you shower.

Wash uniforms at the station, not at home.
