

# VALUES & PRIORITIES

Public Information & Misinformation

Food Policy

Food Literacy

Educate Public to Reduce Exposures

Food Safety System (Inspection, Packaging, Processing, etc.)

Food Packaging & Processing (Endocrine Disruptors?)

Food Aid – Processed Food Displaces Fresh

Unprocessed vs. Processed Foods

Farm Bill & Subsidies

Gardens, Lawns, and Runoff

“Big Ag” Changing What Is Grown & Where

Nanotechnology

GMO Foods

Pesticides

CAFOS

Antibiotics

Contamination in Seafood

Farmed Fish & Genetic Shifts

PbDEs and Seafood

Prenatal Exposures

Epigenetic Changes & Disease Susceptibility

Obesity & obesogens

Diabetes

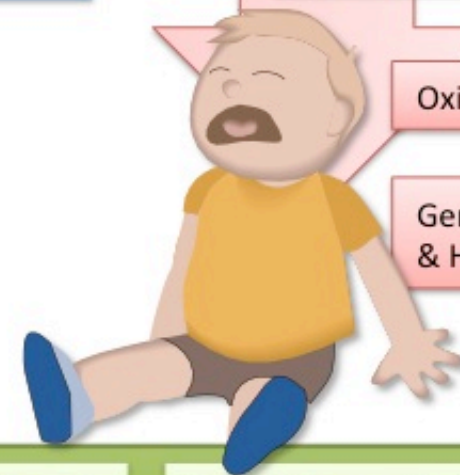

Microbiome

Hormesis (Good Effects at Low Doses)

Transference of Food Contaminants

Oxidative Stress

Genetic Susceptibility & Health Risks

Food Distribution: Diesel Exposure

Changes to AI/AN Traditional Diets

Food Justice and Food Deserts

Coal Terminals

PON1 Exposure and Resilience

Risk Assessment

Center Research Interests

Open Science, Big Data, Data Sharing
