DAIRY SAFETY TOOLKIT Mapping activity: Identifying Hazards

deohs.washington.edu/pnash

In this exercise, workers will learn about identifying hazards on the farm using an interactive worksheet.

Why is this important? Workers will be able to apply definitions to identify best practices when approaching cattle and to prevent animal-related injuries.

Learning Objectives

Apply safe animal handling practices from today's workshop to risk areas around the farm where injuries are known to occur. Identify what is working and what is not. How can we reduce the risk of injury?

Estimated lesson time

About 30 Minutes

Materials for the trainer

- Download English and Spanish Farm Layout pdf. printed on a 24x12 or bigger depending on group size
- Colored stickers: green, yellow, red, blue (Avery product #5795)

Materials for workers

Pencils and paper to take notes

Suggested training environment

- Indoors, access to tables
- Whiteboard and projector recommended

Mapping Activity

Using the map and different colored stickers, identify **locations on the farm**.

- **Green** Believed to be safe, no animal-related injuries
- Yellow Location where you are at risk for animal-related injuries
 - **Red** You have witnessed or experienced animal-related injuries
 - **Blue** An exit route or location for other preventative measures

Seguro, sin lesiones/ lastimaduras por animales

Área en donde usted está en riesgo de lesionarse/ lastimarse por los animales Usted ha sido testigo o se ha lesionado/lastimado por animales Hay una ruta o lugar de salida o escape para otras medidas preventivas
