

WESTERN AG SAFETY & HEALTH CONFERENCE

Cultivating Collaborations

AUGUST 7 – 9, 2019

Seattle. University of Washington campus.

bit.ly/WestAgSafetyConf

A unique research conference addressing injury and illness prevention in Western farming, fishing, and forestry. Sessions focus on workforce safety and issues concerning: hired and contract workers, climate change, animal health, prevention through design, and research to practice.

This conference is co-sponsored by the five Western NIOSH Agricultural Centers, and the NIOSH Western States Division.
